

# Let's get up to speed!

Early childhood educators are engaged, enthusiastic, and leading the charge. Early childhood education is advancing as a profession in Vermont!

## Whether you...

- Are brand new to this project
- Heard about Advancing as a Profession or the Unifying Framework, but aren't sure what it means for you
- Attended one or more Advancing as a Profession professional development sessions

Join us for a fast, fun recap of our work to create a clearly defined early childhood education profession with distinct roles and responsibilities, aligned professional preparation, pathways and licensure, professional compensation, supportive infrastructure, and shared accountability.

Led by early childhood educators, for early childhood educators.
