

# YOUR WORK CAN BE PLAY.

**Hey students! If you like work that's creative, caring, high-energy, and different every day, you might love a career in early childhood education.**

## Start with the Pre-Apprenticeship Program:

- ▶ **Earn \$13/hour** for 5–10 hours a week for on-the-job learning in an early childhood education program.
- ▶ **Get ongoing support from an experienced mentor** who will guide you, observe you, and offer feedback as you develop skills within early childhood education.
- ▶ **Earn your high school diploma** and transferrable credits towards your college education.
- ▶ **Jump start your career.** After high school graduation, students who complete the program will be ready to join the VT Early Childhood Education Apprenticeship Program, continue studying at the college level, and/or work in an early childhood education program.
- ▶ **Enjoy excellent job security.** Qualified early childhood educators are in high demand in Vermont, meaning you'll be entering a field with lots of job openings. Get started impacting the future success of young children today!
