

What's the latest?

This winter, get important updates on the work to advance early childhood education as a profession in Vermont in this 1.5 hour Northern Lights-approved training:

- How ECE programs and leaders are acting on areas of workforce consensus
- The workforce-led process to establish equivalence for expertise learned through experience (the “bridge” for the current workforce)
- Design team recommendations for a minimum compensation scale for ECE I, II, and III designations
- Systems, policy, and political goals for 2023
- “We’re in!” How ECE leadership in this work is expanding (and how you can be involved!)

Sessions are led by early childhood educators, for early childhood educators.

Questions? Want to schedule a session for your network or program?
